RE: Annual Model of Care Training Attestation

This is a mandatory reminder for all contracted network providers. You must complete and attest to the annual Model of Care (MOC) training.

The Centers for Medicare & Medicaid Services (CMS) requires this training every calendar year. It ensures all providers understand our specialized care coordination processes for Special Needs Plans (SNP) members.

Why This Matters

- **CMS Compliance:** Fulfills federal regulatory mandates.
 - **Care Quality:** Aligns clinical practices with member care plans.
 - **Network Status:** Maintains your active standing in our network.
-

Three Simple Steps

- 1. Access**
Go to the MOC page on our Medicare website or scan the QR code.
 - 2. Review**
Download and review the brief **2026 Model of Care Training** module.
 - 3. Attest**
Complete the digital **Attestation Form** immediately after reviewing.
